Effective this 1st day of November, 1997, the Consent to Entry of Order and Findings of Fact, Conclusions of Law and Order for Probation, dated April 28, 1997, entered into with Susan Margaret Smith, D.O., holder of license number 2606 for the practice of osteopathic medicine and surgery in the State of Arizona, is hereby **AMENDED** as follows:

1. Ordering paragraph 14 will be added to page 10 and will state:

14. As a further term of probation, Respondent will be subject to review of all aspects of her medical practice; but, said review shall primarily be in the area of diagnosis and treatment of patients and maintenance of patient records. The Board shall designate the reviewing physician, who shall be a practicing osteopathic physician in Arizona, and who shall undertake this review as the Board's designated representative and in the following manner:

(A) A random review of at least ten patient records selected at the reviewing physician's discretion shall be conducted every 120 days, commencing with the effective date of this Amended Order. Respondent shall fully cooperate with the reviewing physician and provide copies of patient records and related information.

(B) The supervising physician shall prepare a written report for the Board and a copy to Respondent reflecting any relevant findings or opinions concerning Respondent's medical practice activity and compliance with this Amended Order.

(C) In the event that the reviewing physician's report discloses deficiencies in Respondent's medical knowledge or proficiency, the Board may order, at its discretion and without expressly making any finding of unprofessional conduct, the completion of an additional twenty-five hours of continuing medical education ("CME") per year during the period of probation. This provision shall not limit the Board in taking other disciplinary action in the event that it has cause to invoke its statutory authority.

(D) The reviewing physician's professional fee for reviewing activities shall be paid for by Respondent. Unless specifically authorized by the Board to the contrary, the total time that may be charged for the reviewing physician's activity shall not exceed six hours for each scheduled review. The hourly rate shall not exceed \$125 per hour.

The terms and conditions of the aforesaid Order remain in force and effect.
